

March 30, 2020

Dear Valued Customer,

As we continue to monitor the impact of the COVID-19 outbreak, we remain committed to keeping you informed of our operations.

Out of an abundance of caution for our employees, we have temporarily suspended production at our Moorpark, CA facility. Manufacturing at this location is expected to remain closed until April 6.

As this is a fluid situation, we are closely monitoring the actions being taken by local and state governments in the United States and globally, and how it may affect our employees and operations.

In addition to implementing measures to help ensure the health and well-being of our employees at our various factories and sites, our global operations and supply teams are working diligently to help ensure Pentair customers are continuing to receive the best possible service and delivery during this time. Fortunately, we have product in our Pool supply chain which will help us meet the current demands of our customers. Our customer service teams are available and ready to support you through this dynamic situation.

We will continue to navigate through these circumstances with our commitment to our customers at the forefront of everything we do.

Thank you,

DeMon Wiggins

De'Mon Wiggins
Vice President, Pentair Pool
