POLYMER OPEN TOP STAIRS, BENCHES & COVES

DOUBLE-FEATURE MODULAR ENTRY SYSTEMS

DOUBLE-FEATURE MODULAR ENTRY SYSTEMS

The Imperial Pools® Nexus™ Double-Feature is a polymer panel modular pool entry system. The system consists of approximately 31 individual polymer components. These components allow installers to configure thousands of stair, sundeck, and bench side-by-side options.

This catalog is just a sampling of what you can do by simply swapping out a few panels here or there. Turn a standard stair into a stair with a sundeck. Then add a bench... or two! Add a bench to a corner stair. Better yet, add a bench between two corner stairs. The possibilities are endless.

The best part of the Nexus™ Double-Feature Modular Entry System is that ALL COMPONENTS ARE IN STOCK! No longer are any of these configurations considered special features. They are in stock and ready to ship.

- ✓ **Approximately 31 SKUs**
- ✓ **Create thousands of options**
- ✓ **All SKUs in stock**
- ✓ **To see our most popular designs, visit www.imperialpoolsb2b.com**
- ✓ **For custom drawing requests, email design@imperialpools.com**

- ✓ Available in 2' increments from 8' to 20'
- ✓ Simply insert stock panels to achieve desired sundeck sizes
- ✓ Standard tread: 14.5" depth
- ✓ Available in 90°, 6" radius and 2' radius corners

variable stair

6" radius version shown

variable stair with top tread sundeck

Available in 90° or 6" radius only

variable stair with second tread sundeck

6" radius version shown
